Great Courses DVDs and Videos

Currently, we house approximately 25 Great Courses, with each course including many classes. The courses are on DVD or VHS depending on the class. Categories include: *Science and Math, Social Science, Philosophy and Intellectual History, Ancient History, Fine Art and Music, Religion, and Modern History.*

The Great Courses index and DVDs/Videos we have available are in Village Square. They can be checked out through Jenna Whitt, the VS Resources Coordinator. Residents are welcome to facilitate the DVD classes. See your Community Resource Coordinator to help set up time and class location.
